EXPERIENCE THE BEST IN ANESTHESIA CME

STATEMENT OF NEED: This activity is designed to help clinicians learn how to manage patients undergoing complex surgery so they emerge faster, with less pain, nausea and vomiting; and hasten the return of functional status.

LEARNING OBJECTIVES: After participating in this CME activity, participants should be able to describe and discuss:

-Provide standardized perioperative care for patients undergoing major surgery.

-“Utilize plethysmography, pulse pressure variation, esophageal Doppler, and other modalities to provide goal-directed fluid therapy.”

-Reduce perioperative complications in sleep apnea patients, by using regional anesthesia; non-narcotic analgesia; prolonged postoperative surveillance.

TARGET AUDIENCE: Anesthesiologists, hospitalists, intensivists, pain management physicians; CRNAs.

CREDIT: This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education through the joint providership of Vanderbilt University School of Medicine and destinationCME. Vanderbilt University School of Medicine is accredited by the ACCME to provide continuing medical education for physicians.

Vanderbilt University School of Medicine designates this live activity for a maximum of 16.5 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Approved by the American Association of Nurse Anesthetists for 16.5 CE Credits; Code Number

1033669, Expiration Date April 1, 2017.

REGISTRATION: Register online at:
