

ANESTHESIA CAMP V

Laguna Beach

REGISTRATION

Register online at:
<http://cmetracker.net/DUKE/Courses.html>

If you prefer to register by fax or mail, please complete and return the enclosed registration form.

The course fee is **\$795** for physicians and nurse anesthetists, and includes CME/CE certification, conference syllabus, continental breakfasts and refreshment breaks. \$100 will be retained to cover administrative expenses should you cancel your registration. There will be no refunds after **September 1, 2008**.

Optional session: "Advanced TEE Workshop" on Thursday, October 2nd. **\$150** per person (includes CME certification). *Limited to 20 registrants.*

ACCOMMODATIONS

Striking turn-of-the-century architecture, pristine white sand beaches, and the historic and artistic charm of a quiet seaside village all converge at **Montage Resort & Spa** – the beachfront luxury resort in Laguna Beach with heart-stopping panoramas of the Pacific Ocean.

Inspired by the breathtaking physical surroundings and the enduring creative spirit of the artists who settled in Laguna

Beach nearly a century ago, this coastal destination features distinctive wood and stone craftsman-style architecture, complimented by lush, indigenous landscaping.

We have reserved a block of rooms exclusively for registrants, at the rate of **\$395** per night, which is applicable three days before and three days after the meeting, subject to availability. You must register and pay for the conference in order to receive the special group rate.

Reservation instructions will be provided in your registration confirmation. *Please book your reservation early as the room block is likely to sell out before the deadline.*

GETTING THERE

Montage Resort & Spa is just 30 minutes from **John Wayne/Orange County Airport (SNA)** and 60 minutes from both **Los Angeles (LAX)** and **San Diego (SAN)** International Airports.

ANESTHESIA CAMP V, LAGUNA BEACH

**Montage Resort & Spa
Laguna Beach, California
October 2-4, 2008**

STATEMENT OF NEED

This activity is designed to help clinicians learn how to manage patients undergoing complex surgery so as they emerge faster, with less pain, nausea and vomiting, and hasten the return of functional status.

TARGET AUDIENCE

Anesthesiologists, hospitalists, intensivists, pain management physicians; CRNAs.

FACULTY DISCLOSURE

The Duke University School of Medicine adheres to ACCME Essential Areas, Standards, and Policies regarding industry support of continuing medical education. Disclosure of faculty and commercial relationships will be made known at the activity. Speakers are required to openly disclose any limitations of data and/or any discussion of any off-label, experimental, or investigational uses of drugs or devices in their presentations.

LEARNING OBJECTIVES

Upon completion of this educational activity, participants should be able to:

1. Pre-operatively identify high-risk patients,
2. Manage outpatients for surgery with quicker emergence, less pain, and less nausea, and
3. Manage patients undergoing complex procedures.

CREDIT DESIGNATION*

The Duke University School of Medicine designates this educational activity for a maximum of 17.0 *AMA PRA Category 1 Credits*.™ Physicians should only claim credit commensurate with the extent of their participation in the activity.

Approved by the American Association of Nurse Anesthetists for 15 CE Credits; Code Number Code Number 30626, Expiration Date: October 4, 2008.

*General Session offers up to 15.0 credits.
Optional Workshop offers up to 2.0 credits

ACCREDITATION

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of the Duke University School of Medicine and destinationCME. The Duke University School of Medicine is accredited by the ACCME to provide continuing medical education for physicians.

DISCLAIMER

The information provided at this CME/CE activity is for continuing education purposes only and is not meant to substitute for the independent medical judgment of a physician relative to diagnostic and treatment options of a specific patient's medical condition.
